

## Engineered to go together — perfectly!

Install these high-quality Lucas auto electrics. They are made for each other — and your car. Designed to work in perfect harmony with each other and with other parts of the electrical system. Lucas batteries, lamps, regulators, generators, coils, distributors, contact sets, tune-up and other electrical system parts — all original equipment quality. They are performance engineered, and backed by more than 80 years of research, engineering and manufacturing experience. Distributed throughout Australia by Lucas agents.

*If it's automotive electrics — it's*
